With the wood-fuel shortage likely to be aggravated by a serious shortage of coal next winter, some Canadian municipalities are working out plans for community woodpiles. In addition, many individual house-holders are making their own arrangements to cut at least a part of their wood supply. "Cammy" Millyard's Cigarette Fund was \$11.25 richer on Tuesday morning, after the banquet of the Peach Queen's Bowling league. Even in the midst of all their festivities the Queens did not forget their sons, brothers and sweethearts in the fighting forces. Thanks girls, says "Cammy".

Richard Stanbury, son of Judge J. G. A. Stanbury, K.C., is receiving congratulations of his friends on his examinations at the University of Western Ontario. Although taking part of his third year subjects along with all of his second year, he passed with first class honors in the Department of Economics and History.

Mrs. John Home of Hamilton, for many years a resident of Grimsby received word on Friday last that her son Flight-Sergeant Allan Home, R.C.A.F. was listed as missing on May 15th. Allan will be best remembered by the members of the old Deer Park Golf Club, where he was head caddy and later Asst. Pro. for some years.

Thieves who broke into the Dunnville brewers' warehouse during Monday night stole 1964 in cash and two pints of ale. In addition the safe which was removed from the building and has not been recovered contained \$300 in Victory bonds and a \$385 cheque. The thugs picked up two bottles of ale, apparently for a nightcap, ignoring stacks of cases.

National Defence Headquarters at Ottawa has denied reports that Canadian soldiers serving overseas for more than two years are being permitted to return to Canada on leave. After receiving numerous enquiries from wives, relatives and friends of soldiers overseas, Headquarters stated that no such arrangement exists and none is contemplated at present.

Farmers who have been accustomed to having an occasional animal slaughtered for them at abattoirs or other live stock slaughter-houses as a source of meat supply for their own households may continue to do so, according to an announcement of the Foods Administration. This action was previously prohibited in the conditions governing the slaughtering of live stock for any person who is not the holder of a permit.

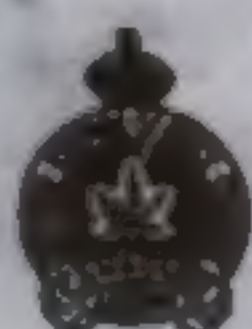

Over 800 yards of crushed stone have been taken out of the North Grimsby quarries up until Saturday night when work was shut down to let the men go back to the farms for seeding. This is just about one-third the usual quantity taken out each year. Shortage of labor has caused a curtailment. Road Superintendent Mackie reports that the Woolarton Mountain road, where a series of slides have taken place this spring, is still closed to traffic and will be for some time yet.

Mr. Bruce Swayne, son of Andy and Mrs. Swayne, Robinson street south, somewhere on the African front, has forwarded to The Independent a copy of the United States army paper, published at the front, called The Stars and Stripes. This paper, five columns tabloid size, is 16 pages of real live news of the doings among the army boys and "gals" from the Home front. It is well illustrated and has never missed a publication date in 19 weeks. This particular issue is that of April 16th. The typesetting and printing is done by a firm in the city of Algiers.

Meeting in St. Catharines for the first time, the 35th annual convention of the Dominion Association of Fire Chiefs will be held August 24, 25, 26 and 27. Convention headquarters will be at the Leonard Hotel.

Thos. Mackie, Supt. of Roads in North Grimsby is out gunning for a guy named Jupiter Pluvius. Thomas had his township roads all graded up in nice shape when Old Jupe sent down the rains and now they are in terrible shape again and that means a lot of hard work ahead for the road boys.

## Boy Scouts

(By D. W. Pettit, A.S.M.)

On the evening of May 18th, many of the Scouts, officers included, were in plain English "plumb full"—of just about everything. Winners took the largest amount of storage space, then followed sandwiches by the hundreds — perhaps thousands. They also went down the "hatch" on the double, accompanied by piping hot chocolate.

This long list of "grab" was prepared by Chief Cook, "Chuck" Schwab, and a very able staff. The "Grand Pow-Wow" took place at the home of S.M. and Mrs. Baker, for the use of which every boy heartily says—THANKS.

Music, well they call it that, echoed through the Baker residence for a good two days after the big "do".

Following all the food, the boys pulled themselves bravely to their feet and stood quietly while Allan Baisley was invested by the S.M., making him a Tenderfoot Scout.

The meeting last week opened at the Scout Hall at 7:15 p.m. The roll call to which about twenty-five boys answered was called and checked by Troop Leader Ian Marr and Jr. A.S.M. Doug Bedford.

The horse shoe of Scouts was then dismissed and the patrol fell in for a route march. Patrols took their places alternately on the left and right side of the street. The Scouts marched off ten paces apart keeping close to the side of the road.

This formation is one taken by troops when marching near the front—in case of machine gunning from the air they can easily duck for cover. As the Scouts marched up Livingston Ave. to the High School a number of short blasts on the whistle was the signal to take cover. Where they went when the whistle sounded, the officers are still wondering. It took just twenty seconds, perhaps less, to get completely out of sight and under cover.

The meeting included a "bang-up" game of basketball at the High School after which the troop was dismissed at the Scout Hall.

On deck next week, gang—we're forming baseball teams.

You can tell when it's an election year. The boys are suggesting new aids for the farmer.

# Victory Team Are The Champions

It is all over for the season in the Peach Queen's bowling league and the girls put up a titanic struggle right until the last ball was bowled.

In the semi-finals the Victory girls put out the Vimy team and the Vedette team defeated the Viceroy's.

This brought the Victory and Vedette teams together in the finals and it was a great three game series with Corinne coming out with her team on the winning end over Doris and her gang by the slim margin of only nine points on the total score.

# SPORTOLOGY

## THE QUEENS HOLD SWAY

Monday night was a gala one at the Village Inn. In fact, it was a history making one. It was the occasion of the first banquet, celebrating the wind-up of a most successful season, of the Peach Queen's Bowling League. It also marked the first time that a banquet had ever been held in this palatial hostelry by a sporting organization composed entirely of ladies.

Seventy-five lovely Queens and four poor, were seen set down to the festive board and the ladies showed that they were just as adept at disposing of the choice viands placed in front of them, as they are at knocking down George Kanmacher's five pins.

Taking his life in his hands, without a suit of armour, the scrivener of this column assumed the duties of chairman for the evening. The toast to The King was responded to by the singing of the National Anthem, after which, with much trepidation he gave a brief outline of the formation and growth of the league, the sportsmanship of the players and the prospects for the future, which certainly look very bright.

Peach Queen's league was formed after The Bowlaway had opened for business in January, with 12 teams. Owing to the lateness in getting started four of these teams had to be eliminated at the end of the first series, leaving eight teams to continue in play. This will not be the case next season as the league will open in September, with at least 16 teams, and all teams will play in all three series right up to the final play off. The toast to the league was responded to by President Doris McBride.

At the opening of the league the girls were fortunate in having The Metal Craft Co. step forward and offer a suitable trophy for season play, to be held for one year by the team winning out. Also to have donated by St. John and Shaw a War Savings Certificate for the Queen making the highest score during the season in scheduled game play. A toast to these donors was proposed by Secretary Helen Cloughley Elmer and responded to by Starkey Globe and Roy St. John.

Phyllis Phelps in a very nice speech proposed the toast to Helen and George Kanmacher, which Helen responded to in a few well chosen words and Little Piggly-Wiggly very elaborately. In fact his flow of oratory at times would lead one to believe that he had parliamentary ambitions. The thanks of the girls to the President and Secretary for their great work during the winter was expressed by May Tufford.

Stanley Globe, on behalf of the Metal Craft Co. presented to Corinne Robertson, captain of the championship Victory team, a replica of the silver plaque that will eventually be presented to the league when the war is over. Roy St. John presented the high scoring War Certificate prize to Gladys Fraser, who finished the season with a high score of 294, which is going some for a lady bowler.

After the speechifying had been completed the girls indulged in music and thirripping of the light fantastic, and then Andy and Clara threw us all out. It was a great night. Had the men's bowling league banquet beat a mile. Who wants to sit all night and look at a bunch of men, anyway. It was far nicer gazing at that galaxy of pinchits.

# Canada Builds Mighty Air Base

The Canadian Army and the Royal Canadian Air Force, co-operating with other United Nations Air Forces, have forged a mighty link in the wartime bomber route which joins the rugged Labrador coast to embattled Britain. The Canadian-built outpost at Goose Bay is one of the world's largest and most important air bases. The combined air forces

operate the air line taking the vital ships to battle zones, Canadian Army units guard the area and Canadian construction gangs enlarge and maintain the outpost facilities. Mighty bombers are readied for the trip to Britain by the Royal Air Force Training Command. Runways going into the distance are 6,000 feet long.

# R.A.F. Spitfires Attack German Trawlers At Close Range

Sir Archibald Sinclair, British Air Minister, said in a recent speech that in the Spring Hitler may try to regain all he will lose this coming winter, but that the R.A.F. will see to it that his supplies and vital war production factories are destroyed so thoroughly that it will be impossible for him to keep his widely spread out forces sufficiently equipped. R.A.F. Fighter Command, Bomber Command and Army Co-operate on aircraft carry out continuous daylight sweeps over enemy occupied territory, attacking shipping, railways, factories, barges etc.

Picture shows: An artist's impression of an action in which Spitfires successfully attacked two German trawlers trying to sweep along the coast of France in the face of strong A.A. fire from the trawlers. The Spitfires split up into sections to make low-level attacks that finished up at point blank range. Hundreds of cannon shells and machine gun bullets were fired into the enemy ships and when the Spitfires started for home both vessels were on fire.

meant a great deal because among the local men was her son, Pte. Joseph Carlton, one of three sons, who went overseas. Another son, Pte. John Carlton, member of the Royal Hamilton Light Infantry, died in a German prison camp as a result of wounds received in the Dieppe raid. The third, Sgt. James Carlton, R.C.A.F., is listed as "missing."

Another lad who came back, Pte. Earl Leay, is one of four brothers who went overseas. Two of the others, Ptes. Lyle and Leslie Leay, twins, were taken prisoner at Dieppe. Pte. Arthur Leay is still overseas.

## ARE DISSATISFIED

In days before rationing a person bought three-quarters of a pound of steak and he took the steak as cut, whether it was 11 ounces or 13 ounces. Now he must get just 12 ounces for his coupon, or else is underweight by an ounce or the butcher gives away an ounce, or he cuts the ounce piece off. This is supposed to go for hamburger and he said at 22 cents a pound when the steak itself sold for 44 cents a pound. How can it be done, they ask?

Moreover when all the cut off pieces of beef, veal and pork go into hamburger, who is going to eat it all?

The cutting of roasts to exact weight is an impossible proposition. A man might be able to sit in a swivel chair in Ottawa and do it with a lead pencil, but it is another story to stand at a meat block and do it with a saw and knife, claim the local meat vendors. Somebody is going to get gyped, either the customer or the butcher.

To date the butchers claim that the system is absolutely unsatisfactory, and such being the case what is it going to be three weeks hence, they ask, when all the stored up supplies have run out and trade becomes normal and heavy again.

## GRIMSBY WILL

on an exhibition tour of Ontario but after it returns to Grimsby on the 23rd, will then be used exclusively for blood donor work in the Niagara Peninsula.

At Trinity Hall on the 22nd, the White Elephant girls will have charge of all the details in connection with the work. Our own three doctors will be engaged in the transfusion job and the nurses will be all local Registered Nurses. In other words it is purely a Grimsby operated affair.

The arrangements and handling of the food and nourishment will be in charge of Mrs. Dr. MacMillan and a group of ladies. The hospital beds, mattresses, cabinets, etc. are being provided by The Metal Craft Co. so everything will be just like a clinic in a big city.

Wm. Hewson and his committee are seeking more donors and any person wishing to give of their

blood can communicate with him. The regular list of donors has shrunk somewhat since March owing to men joining the services and moving from the district.

At the last clinic 17 ladies were accepted for donation and this time at least 100 donors will be accepted of which 20 per cent will be ladies.

Chairman Hewson wishes it made known that no organization in the district is being overlooked. These clinics will be held every three months and different ladies' organizations will be used at each clinic.

## CHARTER HAS

sized handicap. The Lions Club of Gananoque have a 25 bed hospital project planned, but they have to start from scratch, and they figure that it will cost them in the neighborhood of \$100,000 to erect their building and equip it.

The almost forgotten idea of a Community playground and Community hall for Grimsby was again discussed, but this time as a post-war measure.

Lion Cecil Bell reported that the two new bathing houses on the beach at the foot of Nelson Road had been completed and were ready for use. The steps leading down to the beach from the bank, which had been badly wrecked by the lake storms this spring had been repaired and all was in readiness for the swimming season to get under way.

The nominating committee of the club brought in a list of suggested officers for the year 1943-44, which having no opposition was passed by the members and the new officers for the coming year will be:

President—Erwin Phelps.  
Vice-Pres.—Dr. Ben Rogers.  
Secretary—Stan Globe.  
Treasurer—Ewart Stonehouse.  
Directors, two year term — Dr. McIntyre, Harold B. Mitchell; one year term, D. Elliott Anderson, Dr. MacMillan.  
Auditors—E. E. Ewing, Archie Atton.

Plans for the forthcoming carnival in July were discussed and there will be much information released at the next meeting, regarding this gala event.

## HIGH LAKE LEVEL

h.ken roads, eaten away large chunks of valuable fruit land, and toppled trees over the bank. There is little beach left at any point along the lake. Council felt that a weir or breakwater built a short distance out in the water would permit a beach to form, and would thus protect the shoreline in future.

Council decided to make grants of \$100 each to all agricultural societies in the county which hold fall fairs this year. Fairs are having a difficult time in some instances, and the council tried to encourage them by raising their grants from \$75 which they have given in the past.

## British Columbia Fruit Growers Expect Smaller Crops This Year

Fruit growers are beginning to make their seasonal harvest survey, and the outlook in some sections of the important Okanagan district in British Columbia is none too favorable.

The long cold winter will interfere with the pack in a northern section of the valley and peaches are likely to be a failure.

The situation improves as the survey moves southward. It is still too early for an expression of worthwhile opinion regarding the apple crop, which is by far the most important. The general expectation is that it will be slightly

less than in 1942, when more than 10,000 carloads were shipped, for an all-time record.

The principal anxiety of the fruit growers in the Okanagan as well as of farmers throughout British Columbia is the shortage of labor. So far the response of farmers to questions asked out for applications for land army labor has been unsatisfactory. Despite all efforts to dispel the impression, farmers still are sceptical regarding volunteer workers and many of them would apparently prefer to take their chance with casual labor than sign up for untried city workers.

A resolution from Westworth County Council was endorsed. It protested against the provincial government's action "in amending the High Schools Act without first notifying and consulting municipalities."

Under the amended act, counties will be required to pay a greater portion of the cost of educating county pupils in high or vocational schools. County Treasurer W. H. Millward estimated that under the new act, Lincoln might have to pay \$2,000 more this year than it would have paid under the former act.

A request from the Beamsville Board of Education for its annual agricultural grant was laid over until the next meeting. Council directed the county solicitor to proceed with the case of Lincoln County vs. Leburn. The defendant had claimed that he was unable to pay hospital expenses, and the bill was paid by the county. The council felt that they had information which showed that Leburn is able to pay his own bills.

Part of the day was spent in discussing the equalized assessment for 1943, which must be adopted at the June session of council. A special meeting will be held on the night of June 8th to again consider the matter and discuss 1942 tuition accounts for county high and vocational school pupils.

## NAVAL CADETS

mountain by William Palmer. Members of the Navy League committee will visit the various factories in the morning.

The Navy League has made marvellous contributions to our fighting naval men and our merchant seamen and its sixteen hostels and recreation centres have added greatly towards the welfare and comfort of these men of the sea. It is interesting to note that during 1942, more than two million merchant seamen crossed the threshold of the Navy League Seamen's Clubs where good meals were provided and comfortable sleeping accommodation, hot and cold shower baths, recreation and pleasing entertainment. When these men leave the Navy League hostels, they do so with courage in their hearts and thankfulness because of the generosity of Canadian people for all that they have received.

The Department of Naval Affairs have proclaimed time and again that the efforts of the Navy League have done much to keep our seamen on the sea in keeping their morale high and their courage undiminished in the great battle of the Atlantic and Pacific.

The Navy League, like the Naval Department, give the fullest praise and thanks to our men who have so nobly stood by their duty to their King and Country and it is plainly our duty to give this organization the support that is needed in order to carry on this great undertaking.

The taggers for the Navy League in this community will feel that they have performed a noble and patriotic service if every citizen gives them the support which they need at this time. We must not ignore their outstretched hands for they form the first link in the chain that stretches from this community to our brave men of the sea, carrying on concrete "thank you" for the tremendous service they are rendering in protecting and serving us for if it were not for these men the battles of this war might well be fought on the streets, lanes, highways and fields of our own country.

Let us rise to the task and carry
